Station Madras, *Dated the* 13th November 1931.

From (Name) V. Ramakrishna Esq., I.C.S.,
(Designation) Director of Industries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

I invite a reference to G.O.Ms.815 dated 28th May 1931 appointing a Board of Examiners for the Government Trades School, Mangalore.

M.R.Ry U. Srinivasa Rao, one of the examiners, has since been reverted to his permanent appointment of Assistant Engineer, Puttur. As no travelling allowance is provided in respect of the appointment it is desirable that a person resident near the school should act as examiner and the question of recommending the appointment of a successor to M.R.Ry Srinivasa Rao has been receiving departmental consideration. The President, District Board, whom I have consulted suggests the appointment of M.R.Ry B. Ramanna Shetty.

Shetty, Bus Inspector for South Kanara district. The Inspector of Industrial Schools reports that Mr. Shetty came under his observation before his appointment as Bus Inspector when he was Assistant Superintendent of the St. Joseph's Engineering works, Kankanady, Mangalore; that he is an L.M.E. of Bombay and that he considers him a suitable selection. I accordingly request that Government will be pleased to modify the order referred to above to appoint M.R.Ry B. Ramanna Shetty, Bus Inspector, South Kanara District as a member of the Board of Examiners, to Government Trades School, Mangalore vice M.R.Ry J. Srinivasa Rao transferred from the station.

Letter from the D.I., No. 827-C/31 dated 13-11-1931 - Government Trades school, Mangalore - Outside examiners

The Director of Industries is requested to report on the following points :-

(i) whether the consent of M.R.Ry B.Ramanna Shetty was obtained to his appointment as an examiner ;

(ii) the subject or subjects for which M.R.Ry. Srinivasa Rao has been appointed examiner ;

(iii) whether M.R.Ry. Ramanna Sh would be a suitable substitute for him Srinivasa Rao

(iv) why the new District Board Engineer should not be appointed in place of M.R.Ry. Srinivasa Rao; an

(v) whether the Director has satisfied himself that there are other suitable officials or non-of cials possessing the requisite tech cal knowledge and of sufficient st to be appointed as an examiner.

Sir,

Reference:- Government Memorandum No.3000-II/31-1 dated 27th November 1931. p.3 supra

---

M.R.Ry., B. Ramanna Shetty's consent was obtained to his appointment as examiner.

2. It is intended that the two examiners should form a board and arrange to divide the work to suit their own convenience and qualifications. Either of the two examiners should be able to conduct the examination in any subject taught in the school and the two examiners now proposed — the Manager, Commonwealth Trust Workshops and Mr. Shetty — should be able to do so with the possible exception of the

he woodworkers' examination. If necessarym this examination aper can be set by the staff, revised and approved by the nspector of Industrial Schools and the papers marked by the taff subject to the scrutiny and confirmation of the Inspector f Industrial Schools as was done last year.

Mr. Shetty's qualifications and previous experience ..pear to justify his being regarded as a very suitable ubstitute for Mr. Sreenivasa Rao.

The President District Board drew my attention to he fact that Mr. Sreenivasa Rao has reverted to his permanent ppointment of Assistant Engineer, Puttur and raised the uestion of travelling allowance In reply it was explained hat travelling allowance is not allowable in this case and is cooperation was solicited in securing a suitable examiner, the appointment of the permanent District Board Engineer being tentatively suggested. It was also pointed out that ~~that~~ the person appointed should have had training in Mechanical Engineering and that familiarity with the mechanics of a motor car would be considered an additional qualification. As the President in reply proposed the appointment of Mr. Shetty and as that gentleman seems fully qualified the suggestion that the District Board Engineer be appointed was not followed up. I understand that the present District Board Engineer Mr. W. E. R. Caldwell, M.Sc., is a Civil Engineer, and I have no objection to his appointment though I prefer the appointment of a Mechanical Engineer. If the Government desire to appoint him I shall obtain his consent.

5. My office records show that there is locally a dearth of persons suitable for appointment as examiners.
